HANGZHOU HAILAN CHEMICAL CO.,LTD

CERTIFICATE OF ANALYSIS

COA No.:08202412271

|                     |                              |
|---------------------|------------------------------|
| Product Name        | 2-Ethylhexyl 4-aminobenzoate |
| CAS Registry number | 26218-04-2                   |
| Batch number        | 202407051                    |
| Date of manufacture | 20240705                     |

| Index Name               | Specifications                 | Results           |
|--------------------------|--------------------------------|-------------------|
| Appearance               | Off white to light pink powder | Light pink powder |
| Purity                   | 99.5%min                       | 99.9%             |
| P-aminobenzoic acid      | 0.2%max                        | Not detected      |
| P-nitrobenzoic acid      | 0.2%max                        | Not detected      |
| Isoxetyl p-nitrobenzoate | 0.05%max                       | Note detected     |
| Melting point            | 50.0~53.0℃                     | 51.0~51.5℃        |
| Loss on drying           | 0.20%max                       | 0.04%             |
| Moisture                 | 0.10%max                       | 0.04%             |
| Isooctanol               | 0.05%max                       | 0.007%            |
| APHA                     | 40max                          | 30                |
|                          |                                |                   |
|                          |                                |                   |
|                          |                                |                   |
| Conclusion               | Conforms to in-house standard  |                   |
